GALLERY FACADES AWARDED ADDITIONAL WORKS ON 300 GEORGE STREET, BRISBANE

Construction services group Global Construction Services Limited (ASX: GCS) is pleased to announce the Group's 51% acquired division Gallery Facades (Gallery), has executed a formal contract with Multiplex Constructions to the value of approximately \$25 million for the supply and installation of façade to the commercial office tower on the 300 George Street redevelopment.

The George Street redevelopment will include the construction of three separate towers with Gallery already awarded the façade supply and installation on the hotel, the first of the three towers under construction. The commercial office tower is Gallery's second tower to be awarded on this project. Gallery will carry out the onsite contract works on the commercial office tower over an estimated 12 month period.

GCS Group Managing Director Enzo Gullotti said, "Being awarded the next stage of the 300 George Street redevelopment on the back of the successful award of the hotel tower façade contract recognises our superior delivery capabilities and proven track record. GCS and Gallery Facades are now involved in significant developments across the east coast, and are focused on a number of other opportunities to successfully achieve our strategy to expand operations across the east coast of Australia.
