

ASX ANNOUNCEMENT

3 October 2018

SRG GLOBAL SECURES NEW FOUR-YEAR SCAFFOLD AND ACCESS EQUIPMENT CONTRACT WITH WOODSIDE

Highlights:

- **SRG Global secures a new four-year contract for the provision of scaffold and access equipment to the North West Shelf project (including Karratha Gas Plant and offshore), operated by Woodside Energy Ltd ('Woodside').**
- **The contract also facilitates the provision of scaffolding and access equipment to the Pluto Gas Plant and the King Bay Supply Facility.**
- **New contract consolidates the existing long-term relationship with Woodside, with the new contract following the conclusion of an existing four-year contract.**

SRG Global (ASX:GCS) is pleased to announce that it has been awarded a four year contract by Woodside Energy Ltd as operator of the North West Shelf gas project ('Project').

The scope of the contract includes the supply, maintenance, storage, transport and handling of scaffold and access equipment for all onshore and offshore locations of the Project, as well as for provision of such services across other Woodside-operated locations onshore and offshore. SRG Global will also provide specialist labour resources for Woodside as required.

ABOUT SRG GLOBAL

Between March and September 2018 three companies came together to create SRG Global. In March 2018 SRG Limited ('SRG') acquired the TBS Group ('TBS'), a specialist industrial contractor in asset and infrastructure services. Six months later, SRG and Global Construction Services Ltd ('GCS') implemented a merger of equals between the two ASX listed companies. The combined group, being SRG, GCS and TBS are now all SRG Global.

SRG Global is now a specialist engineering, construction and maintenance group. Our vision is 'making the complex simple' across the entire asset lifecycle of engineer, construct and sustain.
